

Children should read to an adult every day for at least 15 minutes. This should be entered into the children's reading records. Books will be uploaded on **FRIDAY on Ecollins**. Please make sure your child's reading record is in their book bag every day.

Spelling

We are starting spelling practice in year 2.

Practice spelling these 10 words by writing them 4 times and checking their meaning/write a sentence

bake baker brave bravest drive
driver hope hoped late later

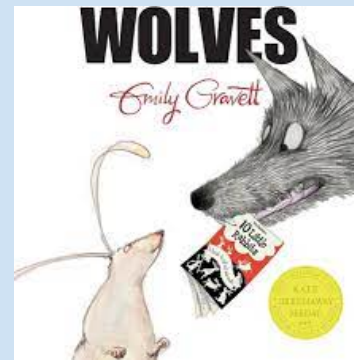

All children in year 2 are now doing Comprehension Ninja for reading practice.

See below for 'comprehension exercise' to help your child practice - no pressure to complete this exercise.

There will still be decodable books on Collins Connect.

English

This week has been our final week looking at the book 'Wolves'. We have learnt lots of interesting facts about Wolves - where they live, what they eat, body parts, likes and dislikes.

We would like you to make an information poster about wolves. Can you include pictures/diagrams/drawings and factual information about wolves. Consider your presentation and use of colour!

Maths

Measuring - Length and Height/Mass

We have been continuing to measure objects in the classroom with centimetres and metres.

Have a go at comparing objects at home and ask your child to say whether the items are longer/taller or shorter than each other. Write some sentences in your homework book.

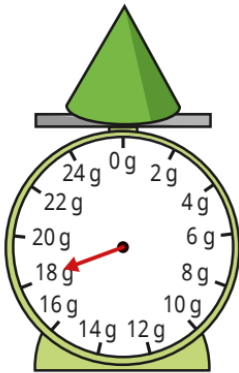

e.g. The cup is shorter than the TV.

The _____ is longer/taller /shorter/ than the _____

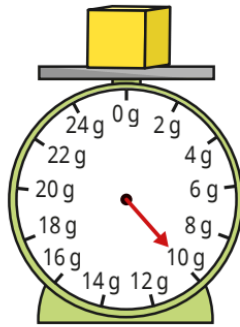

We have also started looking at mass and measuring in grams.

What is the mass of each 3-D shape?

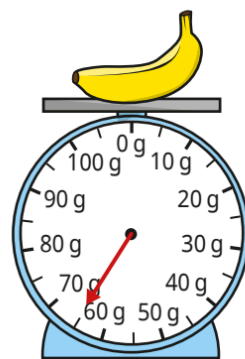

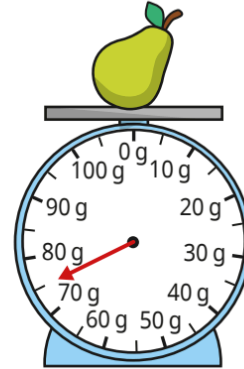

a)

 g

b)

 g

a) What is the mass of each piece of fruit?

 g g

b) Tick the heavier piece of fruit.

Work out the mass of each 3-D shape.

The first scale is balanced with two red spheres on the left and a 20 g weight on the right.

The second scale is balanced with three red spheres and one blue cube on the left, and a 6 g weight and a 50 g weight on the right.

The third scale is balanced with two blue cubes, two green pyramids, and one red sphere on the left, and a 57 g weight on the right.

Below the scales are three equations to solve for the mass of each shape:

 = g

 = g

 = g

Notes and announcements:

- The reading cafe will continue to the end of the school year on Friday mornings!
- The comprehension exercise below is optional, no pressure to complete it!

Grandad's caravan

Mum stopped the car outside Grandad's house. They waited. She tooted the horn. They waited again. Finally, Mum sighed and said, "Come on, you two." Tara and Ryan followed her out of the car and up to Grandad's front door.

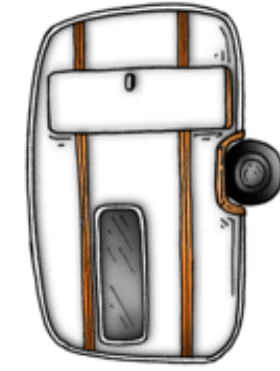

"Come on, Grandad," they all said. "We want to miss the traffic."

"Oh, um, yes," he mumbled. His suitcase was waiting by the door but he kept looking around, lifting letters on the hall table and opening drawers. "Oh dear," he said. "I feel so silly. I've lost the key to the caravan."

"Oh Dad!" smiled Mum. "Let's all look together. We'll find it in no time."

Tara, Ryan, Mum and her father all looked and looked but they couldn't find the key. After half an hour, they gave up. Mum looked at Ryan's face. "Don't worry, love, we'll still have a holiday. Just you wait and see."

Then, Mum's face lit up. "I've got it!" she cried.

"We can ask at the office when we get to the caravan park. They keep a spare key for all of the caravans, remember?"

Five minutes later, they were on the road again. Luckily, the traffic wasn't too bad and they arrived at the park at about teatime. They parked by

Grandad's caravan. Mum told the other three to unload the car while she went to the office.

Before she could go, a friendly face appeared at the window of the next-door caravan. "Hello Bill!" said Mrs Knight. "Did you know, you left your key in the door last time you were here? I'll just go and get it for you."

Grandad looked very ashamed. "I'm so sorry everyone."

"Don't worry," said Tara, giving him a big hug. "We're here now, ready for a week of fun and games."

"Maybe we can play some memory games, Grandad," said Ryan with a cheeky grin.
