

Let's sing

Here are some of our favourite songs and videos we are using to support our learning in class this term. Watch and join in at home.

Let's all do the 10 dance (number bonds of 10 song):

https://youtu.be/UD_RUVLPvTY

Greater than, less than 'Let it Go':

<https://youtu.be/-sdfNu9BVkQ>

Let's talk

Create your own first, then, now math stories.

E.g. First I saw 3 birds sitting in the tree, then other 4 birds came along. Now there is 7 birds in total.

Let's draw

Draw a large number line from 0-10. Remember to use a ruler to keep your line straight. Now write the number names in words underneath your number line. Use your completed number line to count forwards and backwards from 10.

'Dip and Do'

Maths

Year 1

Autumn Term 2022

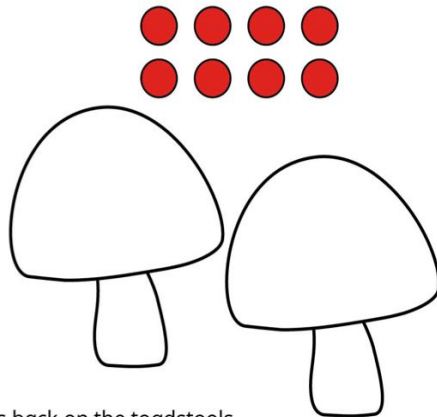

Let's play

Download the free app 'White Rose 1-minute Maths' app to help build your number confidence & fluency through fun 1-minute tasks.

Let's solve

All the spots fall off two toadstools.

Put the spots back on the toadstools.
How many different ways can you find?

With your child, dip into the activities on the sheet. You don't have to do them all. Your child can present their work in any way they choose.
