

SUNNYHILL PRIMARY SCHOOL

We are proud to present our prospectus as a taster of what everyday life at Sunnyhill is like.

We have a very distinct ethos here- we put our pupils at the centre of everything we do. We want them to know that this school is truly theirs, that their opinions are the most important ones that we need to listen to, that we want them to have the very best experiences that we can offer them.

We are committed to always looking to provide our pupils with the best quality and the most creative opportunities that we can give them, that this offer remains the same and is consistent throughout the school, that we look for opportunities to work together as a community to achieve the very best for our children.

We know that you, as parents, are the most important people in your children's lives, and that we need to work together as parents and teachers to help them develop into the best version of themselves that they can be.

For us to do this, we need to remember to be positive with each other, to not just listen to each other but to try and walk in each other's shoes, to remember that we always are on the same side, no matter what, because we want what's best for our children.

Thank you for taking the time to find out about Sunnyhill Primary School. We really hope that you will come and visit us soon.

*Sarah Wilson
Head Teacher*

Our child centred approach is visible everywhere in our Early Years.

We work in partnership with parents and families, building relationships that last.

The Early Years Foundation Stage provides the starting point for everything our children learn.

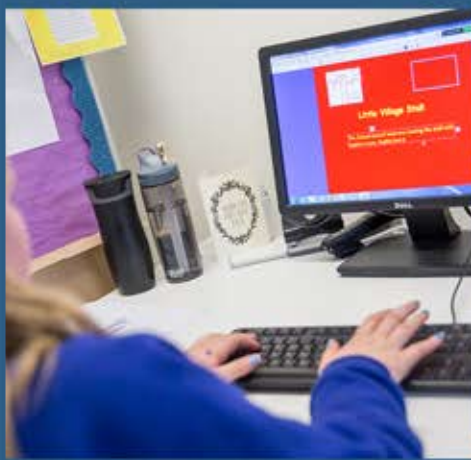

THE EARLY YEARS FOUNDATION STAGE

We want our children to know that we value their opinions and that their voices matter, that they can make a difference.

We want them to know that this is their school, that they have an important part to play in leading it.

PUPIL LEADERSHIP

Through pupil leadership, students have the chance to influence all aspects of school life.

CITIZENSHIP

Our pupils and their learning is at the centre of everything we do.

Our innovative curriculum promotes curious, collaborative and creative learning.

We focus on the knowledge and skills our pupils will need in the future.

We aim to develop their awareness of the world outside school and prepare them for the choices that lie ahead.

We aim to inspire all our pupils to want to learn, giving them the skills and tools to become life-long learners.

LEARNING, TEACHING & THE CURRICULUM

Our Curriculum combines both formal learning and creativity.

We focus on the quality of teaching, and provide a varied learning experience that is balanced, between both knowledge and skills.

Pupils have a wide range of opportunities for personal development through music, art, drama and sport as well as more academic learning.

SPORTS
&
ART

The ARTS

DRAMA
&
MUSIC

We value our environment and facilities at Sunnyhill and use them to create an inspiring, safe, child centred and creative space that we all take care of.

We are increasing opportunities for sports, growing and drama activities.

Teachers take opportunities to promote pupils' health and wellbeing by using the school environment creatively during the school day.

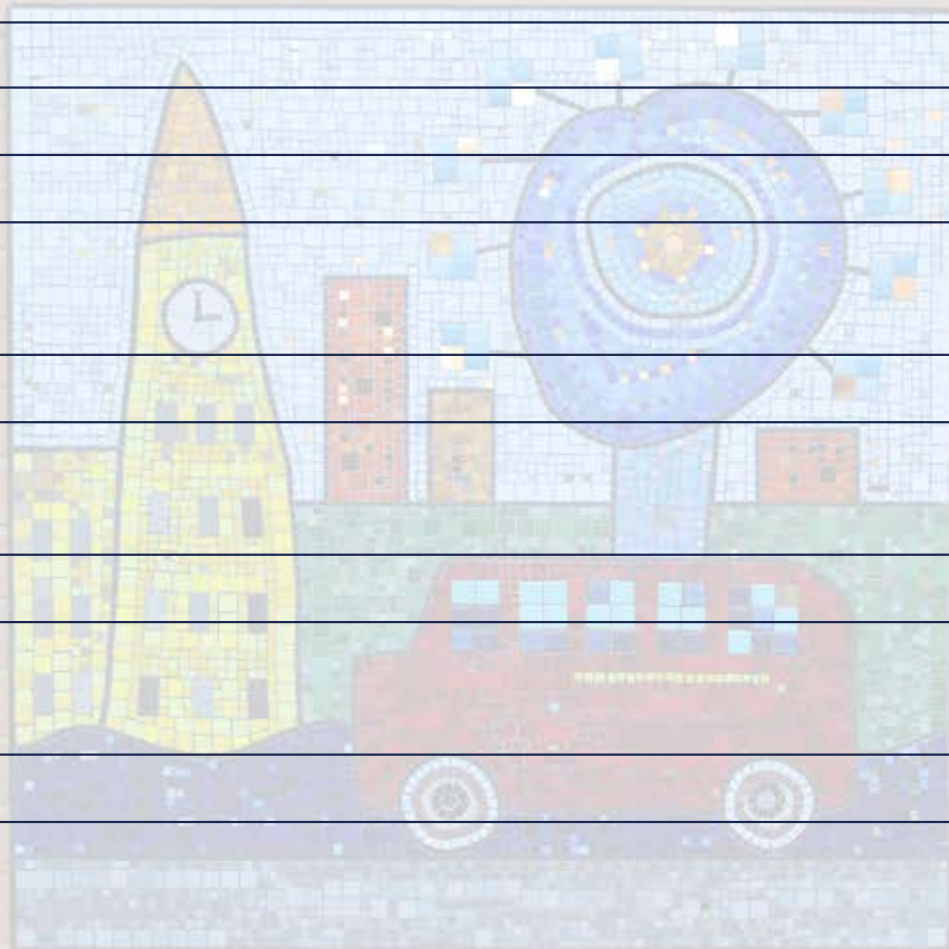

THE ENVIRONMENT

We engage pupils in thinking about our school environment to increase their awareness of both local and global environmental issues such as traffic, pollution, food production and climate change.

NOTES

QUALITY, CREATIVITY, CONSISTENCY & COLLABORATION

We encourage all members of the Sunnyhill Community to respect one another, to know that everyone has an important part to play in making the school as good as it can be, to take responsibility and be responsible, to strive for excellence and to try one's best in everything we do.
